You will be instructed and encouraged by our patient, friendly and caring staff. All our staff are licensed and experienced Certified Phlebotomy Technicians (CPT1) with many years of experience in hospitals, laboratories, and clinics. Our Program Director is an experienced Physician Assistant.

Wagner Training Institute provides students with a complete 80-hour course of instruction in the field of phlebotomy: 20 hours of basic didactic education, 20 hours of advanced didactic education, and 40 hours of clinical externship, in accordance with California State requirements.

The course will include the following: Syllabus, power point handouts, scrubs, personal name badge and additional practice sessions. Students will be expected to perform live punctures on each other in a controlled setting. Live lectures include state of the art audio visual presentations of various topics including Arterial Blood Gases. Our qualified staff will build self-confidence, teach professionalism, and encourage students at his/her own pace.

Wagner Training Institute will provide a quick and convenient 40-hour clinical site. Students will be placed in hospitals, clinical laboratories, or clinics to complete the requirements. Demonstration of competency is required prior to clinical placement. This can be completed during scheduled lab sessions (stick practice). We offer 2 one-hour sessions each week.

Wagner Training Institute is a private institution which has been approved to operate by the California Bureau of Private Postsecondary Education and Department of Health-Laboratory Field Services. Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations.

5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution more than tuition and other costs.

7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loan's.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollecting may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number. Note: Authority cited: Sections 94803, 94877 and 94923, Education Code. Reference: Section 94923, 94924 and 94925, Education Code.
